

ANIMAL HEALTH & WELFARE WORKSHOPS

The hugely popular 'Animal Health & Welfare' Workshops are back!

Industry Vets, Dr. David Frith and Dr. Kev Sullivan, alongside Feedlot Technical Services Officer, Jeff House, will be delivering ALFA's Animal Health & Welfare workshops across the country this March. The workshops aim to instil and improve animal husbandry practices directly related to animal health and welfare in Australian feedlots.

THIS ONE-DAY WORKSHOP WILL COVER

- ▶ Internal Animal Welfare Audits
- ▶ Managing Cattle into the Feedlot – Backgrounding, Induction, Managing New Cattle
- ▶ Pregnancy & Calving Management
- ▶ Biosecurity
- ▶ Heat Load – Enacting your Action Plan in a Heat Load Event
- ▶ Hospital System: Structure & Protocols
- ▶ Antimicrobial Stewardship
- ▶ Cattle Euthanasia – Making Effective Decisions
- ▶ Post-Mortems – Procedures & Sampling
- ▶ Cattle Bedding
- ▶ New Technologies

This workshop differs greatly from the recently delivered Animal Welfare Officer Training and is not accredited. This workshop was last delivered in 2013. The content has been updated in line with animal health & welfare advancements over the past 5 years.

WHO SHOULD ATTEND?

All feedlot staff, particularly staff members who are handling cattle on a day-to-day basis, will benefit from attending this one-day workshop.

This workshop series is proudly supported by:

The workshop will also benefit those involved as suppliers to the feedlot industry. For example, feeder cattle suppliers will gain an insight as to why feedlots pay premiums for well-prepared cattle and how to achieve these premiums.

LOCATIONS & DATES

- | | |
|--------------------|---------------|
| ▶ Wagga Wagga, NSW | 5 March 2019 |
| ▶ Tamworth, NSW | 6 March 2019 |
