Dear ALFA Feedlot Member,

Re: Your Industry Association 2018-2019

On behalf of the Australian Lot Feeders' Association (ALFA) and the Council, I wish to thank you for your valued support through ALFA Feedlot Membership during 2017-18 and we invite you to join us again for the 2018-19 new membership year.

ALFA is your industry representative council providing leadership, formulating policies, setting strategic imperatives and allocating grain fed levy investment in animal health, residue monitoring, research and development (R&D) and marketing programs. ALFA proactively represents the grain fed beef sector on industry and legislative issues and importantly keeps members informed and up-to-date on matters important to feedlot businesses and the industry we operate in.

ALFA, through a combination of Councillors, External Committee Members and Secretariat participation, represent the interests of our Members on over 50 National and State committees. These committees vary from the Red Meat Advisory Council, SAFEMEAT, industry advisory committees and taskforces through to various environmental, residue, health and welfare committees. Your representatives work diligently with these groups to lobby on your behalf to protect and maximise opportunities for your business.

I am proud to announce ALFA has delivered a number of positive achievements over the last financial year and these are outlined further in the attached '2018 Year in Review'.

Whether you operate a small or large feedlot, there are a number of benefits from being an ALFA Member.

During 2018-19 we are committed to continuing to pursue and implement the ALFA strategic plan which supports the goals and objectives of the Meat Industry Strategic Plan.

Some of our 2018-19 focuses include: holding the industry's premier event, BeefEx 2018 Conference in Brisbane on 8-10 October 2018, implementing the new Grain Fed Finished standards based on fewer days on feed and MSA, commence implementing the Australian Feedlot Sector Career Development and Training Strategy, continued investment of levies in Research and Development and Marketing and delivery of workshops including our highly valued animal welfare training.
