

# COMMUNICATE YOUR RESEARCH | STUDENT COMPETITION

**PROUDLY SPONSORED BY  
BOVINE DYNAMICS & APIAM**

The Communicate Your Research Competition is designed to promote excellence and scientific professionalism for the advancement of communication between tertiary institutions and the Australian cattle feedlot industry. The competition aims to provide students an opportunity to share their research in relevant intensive animal and veterinary science disciplines with the Australian feedlot industry.

## COMPETITION OUTLINE

1. Students are asked to deliver a 5-minute oral presentation with an accompanying slide deck on their research to a judging panel that holds a broad understanding of the beef industry.
2. All students will have their posters on display during the SmartBeef conference. The top 3 students from the presentation round will then also present to the conference delegation where they may field questions from attendees. Students are required to prepare a poster as outlined in the guidelines.

## ENTRY CRITERIA

- ▶ Entrants must be undergraduate or postgraduate tertiary students currently enrolled in a field related to the beef industry that may encompass nutrition, meat science, genetics, animal welfare, veterinary science, agribusiness, or agricultural leadership.

- ▶ The research topic and presentation must be of relevance to the feedlot industry. Research conducted in production animals that could be adopted by the feedlot industry is appropriate.
- ▶ There is no age restriction.
