

MARGIN & PEOPLE MANAGEMENT PROGRAM

DO YOU ASPIRE TO BECOMING THE MANAGER OR HOLDING A LEADERSHIP ROLE?

Apply now to participate in the MPM Program

ABOUT

The MPM Program is designed to provide lot feeders and industry professionals with a deeper understanding of how to manage a modern feedlot business.

Skills required to run any successful business include people management and an understanding of business financials. The MPM Program sessions cover topics such as basic financial margin management, time management, setting priorities, human behaviour and how to work more effectively with other people, especially in difficult situations.

The MPM Program was established in 2008. The Program now boasts a strong alumni network of over 120 lot feeders and industry professionals, many of whom are now prominent industry leaders.

WHO SHOULD APPLY?

The training is aimed at feedlot employees and industry professionals who aspire to becoming a Manager or gaining a leadership role in their business. It is also valuable for those employees who already manage a number of staff and are looking to gain further skills in the area of people management or perhaps seeking a better understanding of general business management.

HOW TO APPLY

Complete an application form at feedlots.com.au/mpm. A maximum of 10 people will be accepted per year into the training. It is allocated on a first in, first served basis, so please ensure you email your interest ASAP. We keep a waitlist for future MPM Programs and offer positions to those on the list first.
