COVID-19 – A Guide for Feedlots

On behalf of Bryce Camm, ALFA President, [please click here to download](#) '*COVID-19 – A Guide for Feedlots*'.

This Guide has been developed to help the feedlot industry prepare for, and manage, the impacts of the virus. The Guide includes important prompts, checklists, protocols and templates designed to help you build strategies to protect the safety of your team, the continued wellbeing of your livestock and facilitate business continuity.

The Guide builds on a range of communiques and information tools that ALFA has made available directly to the feedlot community. These can be viewed on [ALFA's COVID-19 Resources website page](#).
